ENJOYING LIFE

There is certainly a Norisk professional footwear model for you, regardless of your profession. Enjoy life! Minimizes risks in the workplace with professional, comfortable, relaxed and always with unique design shoes. Norisk has everything to do with life!

A black and orange Norisk sneaker is shown in a side profile, resting on a dark, textured workbench. The shoe features a black mesh upper with orange accents on the laces and the sole. The sole has a distinctive orange and black tread pattern. In the background, there are wooden planks and various mechanical parts like rollers and bolts scattered on the workbench, suggesting a workshop or industrial setting.

Functionality on top!

If you prefer the functionality and you don't doubt its advantages, you don't want to miss the Norisk professional footwear.

Here, you will find the most dynamic solution for your profession!

Norisk distinguishes itself by its versatility.

CLIMA CORK SYSTEM

CLIMA CORK SYSTEM (CCS)

Is an exclusive system of No Risk, which allows to create a natural environment for the feet, both in the field of temperature and their accommodation in shoes. Through the inclusion of an insulating layer of cork between the sole and the insole.

CLIMA CORK SYSTEM regulates the heat and cold inside the footwear and gives extra comfort. The cork allows the creation of a kind of "footprint", favors its adaptation to the shoe and contributes to the reduction of fatigue, by benefiting the uniform distribution of the weight.

Relax don't do it

Passion is essential to make professional footwear of excellence, so relax. From the drawing of the first sketches to the presentation of our models, all over the world, we use our super vision to the details. The goal is to combine functionality with the style of urban, stylish and casual sneakers.

Norisk adapts like a glove, to your desire to make the most of life!

100% Confidence

We have won many awards over the years, but the most important recognition for us is yours. Your comments, your suggestions, your sharing, your willingness to relate to us is a precious asset to us.

Since 1996, we have cultivated the best strong relationships with our customers and suppliers, and still, those with all who are involved with our brand.

Norisk takes care of your confidence.

A dark, abandoned room with a tiled ceiling and two windows. The room is mostly in shadow, with light coming from the windows. The floor is dark and appears to be covered in debris or water. The ceiling has a grid of square tiles, some of which are missing or damaged. The walls are dark and textured. The overall mood is somber and desolate.
