REFERENCE (TECHNICAL DATASHEET LINK)	IMAGE	PRODUCT	DESCRIPTION	UNIT PRICE	CAMPAIGN UNIT PRICE 30% DISCOUNT	QUANTITY PER CLOSED BOX
NLG101273		Tether Ring™, Medium, 25mm diameter	Economical solution for creating a tether point on a tool. It allows it to rotate 360 degrees and only requires a pair of pliers to open and wind onto the tool in a similar manner as a key ring. Its maximum load is 1Kg and it complies with ANSI/ISEA 121-2018.	1,42 €	0,99 €	10
NLG101275		Tether Ring™, Large, 28mm diameter	Economical solution for creating a tether point on a tool. It allows it to rotate 360 degrees and only requires a pair of pliers to open and wind onto the tool in a similar manner as a key ring. Its maximum load is 1Kg and it complies with ANSI/ISEA 121-2018.	1,52 €	1,06 €	10
NLG101355		Tether Tape™ 25mm x 2,8M	Tape with advanced self-fusion silicone technology to create a tether point on any tool in seconds. Use in conjunction with reference NLG101361 or NLG101362 to quickly create a tether point. It features a fiberglass reinforcement mesh that provides great durability and resistance against tearing and punctures. Designed without adhesive free design means no sticky residue left on the tool when removed. Its maximum load is 5Kg and it complies with ANSI/ISEA 121-2018.	33,26 €	23,28 €	1
NLG101360		Ascent Bucket™	The NLG Ascent Bucket™ is the market leader in drop prevention buckets. Made from Megatex™, a super heavy-duty grade material designed to withstand a multitude of extreme environments and forces up to 7 times more abrasion resistant than premium military grade fabric. Reinforced puncture-resistant base. The top part of the bag has a roll-up flap made of water resistant 600D Ripstop Nylon and allows stored objects to be protected from light rain and medium weather conditions. Its maximum load is 100Kg and it complies with ANSI/ISEA 121-2018.	199,94 €	139,96 €	1
NLG101361		Small D Ring Tool Tether - 60 mm x 12 mm	Considered as one of the preferred options for workers at height. It can be adapted to almost any tool, avoiding unnecessary expenses with the purchase of accessories and avoiding wasting time with sending tools off the job site to be adapted with tether points. When used with NLG101355 tape it provides a solution for a multitude of common hand tools used on the job - pliers, wrenches, tweezers, knives, etc. Its maximum load is 1Kg and it complies with ANSI/ISEA 121-2018.	5,75 €	4,03 €	10
NLG101362		Large D Ring Tool Tether - 100 mm x 25 mm	Considered as one of the preferred options for workers at height. It can be adapted to almost any tool, avoiding unnecessary expenses with the purchase of accessories and avoiding wasting time with sending tools off the job site to be adapted with tether points. When used with NLG101355 tape it provides a solution for a multitude of common hand tools used on the job - pliers, wrenches, tweezers, knives, etc. Its maximum load is 3Kg and it complies with ANSI/ISEA 121-2018.	6,07 €	4,25 €	10
NLG101363		360 D Ring Loop Tool Tether	Is the no-fuss option. create a tether point on any tool with a captive hole or handle and cinch it around the tool itself in seconds. This avoids the frustration of twisted lanyards found with many tool tethering options on the market today and simultaneously improves productivity. Its maximum load is 3Kg and it complies with ANSI/ISEA 121-2018.	7,73 €	5,41 €	10

NLG101364			Short Coil Tool Lanyard, Quick Clip™	One of the preferred options for workers who use tools up to 3Kg. Designed to be used in conjunction with the NLG101365 wristband, it allows tools to be connected and disconnected very quickly. The coil has Quick Clip™ connectors at the ends that rotate 360 degrees, facilitating the movement of all types of tools and are adapted for use with gloves. Extends from 4 cm to 70 cm. Its maximum load is 3Kg and it complies with ANSI/ISEA 121-2018.	13,17 €	9,22 €	10
NLG101365			Adjustable Wristband	Adjustable wristband that allows you to create an anchor point on the wrist, this anchor point being preferred in many industries due to its flexibility and ease of use. It's made from an elastic strap that provides all-day comfort with a full fit, compatible with all wrists. Designed to be used with NLG101364, making it a very functional and suitable combination when using multiple tools that need to be connected and disconnected frequently. Its maximum load is 3Kg and it complies with ANSI/ISEA 121-2018.	13,06 €	9,14 €	10
NLG101368			Tether Choke™, Single Arm	Solution for big tools and size and weight with cylindrical handles. Allows the clamp arm to be locked into position when used in conjunction with NLG101355 tape. Tape with extreme resistance. Its maximum load is 20Kg and it complies with ANSI/ISEA 121-2018.	15,84 €	11,09 €	5
NLG101369			Tether Choke™, Twin Arm	Solution for large tools in size and weight with straight sides and more difficult to tether. Allows the clamp arm to be locked into position when used in conjunction with NLG101355 tape. Tape with extreme resistance. Its maximum load is 20Kg and it complies with ANSI/ISEA 121-2018.	20,39 €	14,27 €	5
NLG101370			Coil Tool Lanyard	Lightweight, with a aircraft cable core and 360° rotating double action carabiners. It is versatile, hardwearing and suitable for use in the most demanding industrial environments. Is easily connected and disconnected making it quick to use with any type of tool weighing 3KG or under, such as hammers, spanners, ratchets, screwdrivers, pliers and power tools. The coil is specially optimised to lie flat to the body and avoid snagging. Its maximum load is 3Kg and it complies with ANSI/ISEA 121-2018.	39,26 €	27,48 €	5
NLG101371			Mini Coil Tool Lanyard	Developed to help prevent some of the most common electronic equipment from being dropped - cell phones and radios - but is suitable with any other tool or equipment. Rotates 360 degrees and is designed for use with a belt, harness or wristband. Its maximum load is 1Kg and it complies with ANSI/ISEA 121-2018.	14,73 €	10,31 €	10
NLG101372			Bungee Tool Lanyard	The convenience of the self-retracting bungee webbing keeps the lanyard out of the way, ensuring it has minimal resistance to movement in the most gruelling reach work. A dual action carabiner that rotates freely through 360° avoiding twists and tangles and the tough climbing cord loop allows attachment to an anchor point or directly to a captive hole or handle on the tool itself. Its maximum load is 5Kg and it complies with ANSI/ISEA 121-2018.	32,38 €	22,67 €	5
NLG101373			Heavy Duty Bungee Tool Lanyard	Designed to handle the heavier tools and plant that other lanyards struggle with. It features a custom developed, abrasion-resistant webbing with a Dyneema® loop one end for connecting directly to a tether point, or through a captive handle or hole on any tool and a twist lock carabiner on the other end, that is still easy to use whilst wearing gloves. Its maximum load is 20Kg and it complies with ANSI/ISEA 121-2018.	46,58 €	32,61 €	5
NLG101376			Short Coil Tool Lanyard, Non Conductive	Developed for use in environments that require metal-free products - electrical work, hygiene areas, nuclear industry, etc... It has a heat and puncture resistant coating. With plastic connectors on each end. Compatible with the NLG101365, it is ideal for quick connection of smaller hand tools for jobs in tight areas. Connectors rotate 360 degrees to allow greater freedom of movement. Its maximum load is 1Kg and it complies with ANSI/ISEA 121-2018.	15,73 €	11,01 €	10
NLG101381			Tether Loop™, 150mm diameter	Create a rapid tether points suitable for any tool with a captive hole or handle – or even a shaped tool. So whether it's a hammer, saw or spanner, Tether Loops™ are effortless to self-install anywhere at anytime. With its specially developed one-way thread and Lock Alert™ indicator for checking it is correctly installed, NLG Tether Loops™ are a simple and time saving method of creating an attachment point that is approved and third-party tested. Its maximum load is 3Kg and it complies with ANSI/ISEA 121-2018.	5,96 €	4,17 €	10

NLG101383			Phone Case	Mobile phones are one of the objects that fall the most and the NLG protective cover came to solve this problem. Compatible with almost all used smartphones on the market, the transparent cover allows you to keep the touchscreen function. Designed not to muffle sounds and accommodate all cameras from popular smartphone brands. Used in conjunction with the NLG101371 to allow the mobile phone to be attached to any belt, harness or other anchor point without the need for a pocket. Its maximum load is 1Kg and it complies with ANSI/ISEA 121-2018.	20,42-€	14,29 €	5
NLG101400			Aero Pouch™	Designed to retain small parts, such as nuts, bolts, screws and nails, from being accidentally dropped from height. An innovative closure system allows easy access to the contents but will automatically close in the event of a fall or if inverted. Quick release buckles on the rear of the pouch mean that it can be easily fitted to a belt, harness or rail. Its maximum load is 5Kg and it complies with ANSI/ISEA 121-2018.	57,79-€	40,45 €	1
NLG101414			Tape Measure Tether	Measuring tapes are one of the objects that fall the most when working at heights. This cover allows you to solve the problem with a high level of comfort as it has a clip and a loop so that it can be quickly connected to a belt or tether point. Its maximum load is 1Kg and it complies with ANSI/ISEA 121-2018.	26,49-€	18,54 €	5
NLG101434			Extended Bungee Tool Lanyard	Reaches up to 2m and is equipped with Quick Clip™ connectors that rotate 360 degrees on each end and designs to connect and disconnect quickly with a built-in trigger for easy use with gloves. Its maximum load is 5Kg and it complies with ANSI/ISEA 121-2018.	30,27-€	21,19 €	5
NLG101466			Tether Ring™, Small, 19mm diameter	Economical solution for creating a tether point on a tool. It allows it to rotate 360 degrees and only requires a pair of pliers to open and wind onto the tool in a similar manner as a key ring. Its maximum load is 1Kg and it complies with ANSI/ISEA 121-2018.	1,30-€	0,91 €	10
NLG101481			Mini Adhesive D Ring	Allows you to create a permanent anchor point on items that are not easy to attach to the anchor point such as phones, cameras, radios and other small equipment. With 3M® adhesive technology, it adheres to most surfaces including curved profiles. Its maximum load is 1Kg and it complies with ANSI/ISEA 121-2018.	2,50-€	1,75 €	10
NLG101493			Lightweight Coil Tool Lanyard	The low recoil force of the tool lanyard allows for effortless reach so that it can be used comfortably all day. The robust, rotating connectors have been designed so that they do not interfere with the operation of the spanner and stops any tangling to make this the ideal scaffold spanner tool lanyard. Its maximum load is 1Kg and it complies with ANSI/ISEA 121-2018.	14,62-€	10,23 €	5
NLG101518			GO™ Bungee Tool Lanyard	It comes with a sturdy double action carabiner and cord loop so that it can attach easily to all common hand tools and has very low stretch resistance to make it comfortable for you to use all day. Its maximum load is 3Kg and it complies with ANSI/ISEA 121-2018.	24,83-€	17,38 €	5
NLG101520			Ascent Pouch™	7L storage bag with conical opening for easy access and visibility of contents. Comes with a built-in carabiner to prevent any accidental disconnection from the connector. Reinforced base that protects against drilling tools and sharp objects. Integrated ventilation keeps the bag in great condition even in humid climates. Its maximum load is 5Kg and it complies with ANSI/ISEA 121-2018.	79,70-€	55,79 €	1

GENERAL CONDITIONS OF THE PRE-SALE CAMPAIGN

1. Campaign period

Campaign valid for orders placed in May 2023

2. Orders

Orders must be placed by filling column I of this file, with the desired quantities, and the file must be sent by email to your usual contact or to geral@orcopom.com

To enjoy the conditions of this campaign, place your order until May 31st, 2023

Invoicing and delivery will take place from the 3rd week of June

Minimum order per customer is €200 + TAX

The purchase must respect multiples of closed boxes per item

3. Payment conditions

The payment conditions are the usual for customers with active payment terms. For new customers, they will be confirmed on the order confirmation.

4. Shipping

Shipping to customers free of charge.

ORCOPOM assumes no responsibility for delays that are due to unpredictable and uncontrollable factors such as: natural disasters, legislative changes, supplier failures and all circumstances that are beyond our control and affect the established delivery date.

5. Order confirmation

Orders will be confirmed by email on the business day following the campaign end date.

ORCOPOM reserves the right to not consider orders if the minimum accumulated sales value defined for this campaign is not reached - €4,000 + TAX

6. Price information

Prices are valid only for the current campaign. Discounts cannot be combined with other offers and promotions.

During this campaign, ORCOPOM will not change the promotional prices.

All prices include TAX at the legal rate (23%)

If you wish to purchase any NLG* item that is not on the above list, please contact +351 252 299 070 or geral@orcopom.com

The different supports may contain errors so the only formal documents, in terms of price, are the invoices and order confirmations

7. Returns and Exchanges

Since the unit price of the items presented in this campaign are promotional, exchanges and/or returns will not be allowed.

Order returns are only accepted if the product(s) has a defect, broken parts or poor condition.

[For more information, consult our General Conditions at <https://www.orcopom.com/pt/home/terms-and-conditions>](https://www.orcopom.com/pt/home/terms-and-conditions)

8. Privacy Policy

The customer undertakes to fully respect the privacy of the campaign, as well as to refrain from any type of reproduction, commercialization or making the articles available to the public before the end of the campaign.

The customer acknowledges that all content contained in this campaign is protected by copyright laws.
