TANDEM COPILOT

Suitable for children & adults

Cycle in front, for the best cycling experience!

Are you looking for a tandem where the passenger has the best cycle experience and the attendant has the most control? Experience the Copilot tandem! It is the ideal solution if you still want to cycle, but when this is no longer possible without help. The Copilot gives both cyclists the freedom and control you want. The tandem can also be adjusted to specific preferences and wishes. With the Copilot tandem you can cycle together without any problems!

We look at individual cyclists and their needs and want to match them as well as possible. This way, we continuously innovate and optimize our bikes, so that your bike is equipped with the best materials and optimum comfort. For example, the attendant is positioned higher than the passenger to keep a good overview of the traffic. In addition, you can easily get on and off with the Copilot. The lighting ensures that you can see well and are being seen in the dark.

The tandem Copilot is equipped with a low step-in entry, easy-to-use hand brakes, a large closed modern chain guard and an AXA cable lock.

- ✔ Available with electrical support.
- ✔ Both the co-steering function and the co-peddalling function are adjustable for the passenger.
- ✔ Available in two models: supervisor adults & supervisor child.
- ✔ Supervisor cycles on the back for optimum view of the passenger.
- ✔ 10-year warranty on the frame and the front.*

* Register your Huka bike once via www.huka.nl/en/warranty and get a 10 year warranty on the frame and front fork. Standard you get a 5 year warranty on these parts and 2 years on other components (with the exception of wear sensitive parts).

Electrical support

The Copilot is available with an auxiliary motor (PAS vario). With the help of this drive it is easier to pedal and therefore less tiring. This silent pedal support is standard supplied with a drive help, three travel speed settings and a clear display.

Support & special adjustments

In addition to the extra accessories that we can offer, such as hip support, trunk support, foot fixations etc.

We also provide customized solutions. That way we can make specific adjustments to your bike. Your special need is a challenge for us!

Accessories & options

The Copilot can be expanded with various accessories and options. Think of another seat, handlebars or pedals. View the options on our website or inquire with your supplier.

Colours

The tandem Copilot 24 (co-driver in front, child - starting at the age of 4 years) is available in white (RAL9016) and pearl dark grey (RAL9023).

The tandem Copilot 26 (adult co-driver in front) is available in white (RAL9016), pearl dark grey (RAL9023).

Any other RAL colours are available on request.
